## Declaration about Complaint

- I **DECLARE** that the information contained in the complaint is true and accurate to best of my recollection.

### Police/Other Government Authority Reporting & Investigation

- I **UNDERSTAND** that Cornerstone Baptist Church has a strong preference that if my complaint may amount to a criminal offence that I report it directly to the police or other relevant government authority for investigation.
- I **UNDERSTAND** that the Church does not have the same powers of investigation, standard of proof or evidentiary tests as the police, government authorities and the criminal or civil courts.
- I **UNDERSTAND** that the Church cannot impose the same penalties as a criminal court or award legal compensation for damages as through a civil court.

### Privacy

- I **CONSENT** to all information and documentation being disclosed (for such purposes) to the Church Authority and its legal and financial advisors; people providing services and support to the Church, including contact persons, support persons, assessors, counsellors, facilitators, reviewers, insurance agencies, and the Police or other relevant government authority.
- I **AUTHORISE** the Church to notify the police of my complaint even if I do not wish the police to investigate the matter at this time.

Notwithstanding the above approval, I expect that Cornerstone Baptist Church will take reasonable steps to protect my privacy and to maintain confidentiality.
